SCHOOL LANDS DIVISION DOMINION LANDS BRANCH

OTTAWA, CANADA, 1st September, 1911.

Mr. Collins, -

Re letter of 1st Sept. regarding land at
Pt. St. Charles, 4th N. approximately
77.00 acres

On the 1st of Sept., 1911, the Minister
referred to above, in connection with the land
as being available for settlement in the Province of Ontario, for the purpose of a school farm.

Mr. Collins was requested to make a selection of
lands in view of the above, to release the school an-
nouncement fund.

On the 1st of Sept., 1911, Mr. Collins reported the
selection of the North West quarter of Section 16, Town-
ship 18, Range 25, West of the 4th Meridian, and the North
West quarter of Section 17, Township 18, Range 25, West of
the 4th Meridian. The latter was not available for selection,
and Mr. Collins was requested to
make a further selection in the latter.

On the 1st of Sept., 1911, Mr. Collins reported
another selection.

In connection with this selection, Mr. Collins re-
ports that the land to be selected, namely, North West
quarter of Section 17, Range 25, West of the
4th Meridian (77.00 acres) is of a value of \$117,000.00.
The land to be selected is valued as follows:-

| | | |
|--------------------------------|-----------|---------|
| A. & B. 16-18-25 4th N. 1st E. | 100 acres | |
| at \$11.70 per acre | | 1170.00 |
| C. 17-21-25 4th N. 1st E. | 320 acres | 3744.00 |
| at \$11.70 per acre | | 3744.00 |
| D. 18-22-25 4th N. 1st E. | 40 acres | 468.00 |
| at \$11.70 per acre | | 468.00 |
| Total | | 5382.00 |

The estimated value of the land being selected
and that to be selected in lieu thereof is practically the
same; therefore, I recommend that the selection referred to
herein be confirmed and that the necessary order be now
authorized.

Concerning the North West quarter of Section 16,
Township 18, Range 25, West of the 4th Meridian, I may say
that this parcel of land is already sold and has been
sold. The land was originally reserved for the purpose of a
school farm.

assembly on the 17th January, 1918, it was decided to place the case on a motion left to be decided by the House of Commons when occasion should arise. (See file 1150)

The case was discussed at Council House in April, 1918, in order that it might be discussed in the House being held at Westminster during that year. It is, therefore, desirable that this quarter-session be accepted as a session in order that the transaction in connection therewith may be closed.

The present situation is reported as clear in the several records of the Department.

DECLARATION OF ABANDONMENT.

In the Matter of the *S.W. 1/4* of Section *2*
 Township *40* Range *23 N* of the *4th* Meridian.
 Homestead *Pre-emption*

Oliver Olsen
Lauriston Alberta

do solemnly declare

That I made entry of the above mentioned lands at the Dominion Lands Office at *Lacombe* on the *1st* day of *December* *1903* and I now ask to have said entry cancelled, and be permitted to take up another homestead for the following reasons, to-wit:

 DEC 9 1903
 COMPTROLLER

My application for entry made to the *1st* Agent at *Lacombe* was for *1/4 Sec. 2 T. 40 R. 23 N of 4th Mer.* I did not for *1/4 Sec. 2* as I now find my entry paper read *1/4 Sec. 2* instead of *1/4 Sec. 2* and I have not made any improvements on said land as *1/4 Sec. 2* is *1/4 Sec. 2*.

Here state reasons for entry and if not made, when made.

The Agent at *Lacombe* evidently filled in the paper for *1/4 Sec. 2* and I overlooked the mistake.

Here declare whether you intend to make improvements on the land within one year.

I declare that I am not a bankrupt, insolvent, or a person who has been declared bankrupt or insolvent, and I have not been declared bankrupt or insolvent within the last year.

In reply to your application for the privilege of taking in a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to my Agent or Sub-Agent of Dominion Lands will be sufficient for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are interested in this department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Copy for J. Lorne Turner, Esq.,
Registrar of Lands, Department of
Mines and Resources, Ottawa, reference
his letter August 28, file 825752, with thanks
for enclosing the local certificate of Harvey Charles
McLary.
Ottawa, September 11, 1944.

With reference to your letters of June 7 and
August 8 concerning the naturalization which you and
your husband may have acquired through your father-in-
law, Mr. Harvey Charles McLary.

I have been in touch with the Director of
Lands in Ottawa and through him I have found that
Harvey Charles McLary, of Rosenholl, Alberta, formerly
of South Dakota, U.S.A., of former American nationality,
was naturalized locally through the Supreme Court of
the North-West Territories, Northern Alberta, on the
24th February, 1904.

If it is the desire of yourself and your
husband to go to the United States for a visit, he
should apply to this Department on the enclosed form
for an Imperial certificate of naturalization under
section 2 of the Naturalization Act based on his father's
naturalization. Your name will be entered in the new
certificate and it will not be necessary for you to file
an application. The fee is \$5.00, payable to the Receiver
General of Canada, and the application should be accom-
panied by letters of reference in accordance with the
directions printed on the back of form 1.

Yours truly,

J. E. Duggan

Dear Sir:

Re: Henry E. Franke,
Old Age Pension 28541.

In reply to your letter of the 23rd of December, I may say that a man named Henry Franke obtained patent for the S.A. 1/2 32-43-19-4th Meridian. The patent was dated the 11th of October, 1904 and advice was forwarded to Mr. Franke, Heatherburn Post Office. This appears to be the man you are interested in. His certificate of naturalization was issued under the seal of the Supreme Court of the North-west Territories, Judicial District of Northern Alberta, in April, 1904. Unfortunately the day of the month of issue was not noted in our records before the document was returned on the 19th of October the same year.

This information may be sufficient for your purpose, but if you should require the exact date, I could obtain it for you from the Under Secretary of State, Naturalization Branch, Ottawa, and at the same time furnish any other desired information which may be shown on the records of this Department.

Yours very truly,

ATREBA

1. The first part of the document is a title page. It contains the title of the report, the author's name, and the date of the report. The title is "The Effect of Temperature on the Rate of Reaction of Hydrogen Peroxide with Potassium Iodide". The author is "John Doe". The date is "10/10/2023".

2. The second part of the document is an abstract. It provides a brief summary of the purpose of the experiment, the methods used, and the results obtained. The abstract states that the purpose of the experiment was to determine the effect of temperature on the rate of reaction of hydrogen peroxide with potassium iodide. The methods used were a series of experiments at different temperatures, and the results showed that the rate of reaction increased with increasing temperature.

3. The third part of the document is an introduction. It provides background information on the reaction being studied, and explains why it is important to study the effect of temperature on the rate of reaction. The introduction states that the reaction between hydrogen peroxide and potassium iodide is a classic example of a reaction that is affected by temperature. It is important to study the effect of temperature on the rate of reaction because it can help us to understand the mechanism of the reaction, and it can also be useful in the design of industrial processes.

4. The fourth part of the document is a materials and methods section. It describes the materials used in the experiment, and the methods used to carry out the experiment. The materials used were hydrogen peroxide, potassium iodide, and a thermometer. The methods used were a series of experiments at different temperatures, and the rate of reaction was measured by the time taken for a color change to occur.

5. The fifth part of the document is a results and discussion section. It presents the results of the experiment, and discusses the implications of the results. The results show that the rate of reaction increased with increasing temperature. This is consistent with the Arrhenius equation, which states that the rate of reaction increases exponentially with increasing temperature. The discussion also considers the possibility of other factors affecting the rate of reaction, such as the concentration of the reactants.

6. The sixth part of the document is a conclusion section. It summarizes the findings of the experiment, and states the overall conclusion. The conclusion is that the rate of reaction of hydrogen peroxide with potassium iodide increases with increasing temperature.

7. The seventh part of the document is a references section. It lists the sources of information used in the experiment, including textbooks, journal articles, and websites.

8. The eighth part of the document is an appendix section. It contains additional information that is not included in the main body of the report, such as raw data and calculations.

Sir,

I have the honor to inform you that a Declaration of Abandonment has been received from Mr. James Hallman of Washington, Ontario, in connection with the S. W. 1/4 of 10--27--1 West 5th for which he was granted entry the 30th September 1902. As Mr. Hallman does not desire to take up another homestead his entry has this day been cancelled in the books of this office and re-entry granted to his son Herbert Hallman. There would appear to be improvements on the land in the shape of fencing but as the re-entrant is a member of the same family the value of same was not collected.

Madam,-

I beg to acknowledge the receipt of your letter of the 28th of February last, stating that you and your brother held Military Homesteads for the South West 1/4 of Section 34, and the North West 1/4 of Section 27, and the South half of Section 22, all in Township 12, Range 4, West of the 4th Meridian. In further reference to your letter of the 7th idem, I am to say that you cannot be allowed to reside with your brother while performing the duties in connection with your homestead. Residence in connection with a Military Homestead must be performed actually on the land entered for.

A settler may abandon his homestead and pre-emption, if in good standing, for the purpose of locating South African Volunteer Scrip, but any duties performed, or money paid, previous to abandonment, will be forfeited.

The regulations do not permit substitution of stock in lieu of cultivation.

In connection with obtaining proof of age of

with the Land Titles Office and the Department of Lands

I enclose copies of the correspondence and
shall be very much obliged if you can give me further

Mr. Mitchell states that to the best of his

were recorded on the homestead entry, and if it is
possible to obtain a copy of this it will be adequate
proof.

Please let me know the amount of your search

Dear Sir:

I have for acknowledgment your letter of the 14th instant directed to the Registrar, Land Titles Office, Edmonton, which has been passed to this department for reply.

According to the records of this department John Wittchell obtained a homestead entry on the south west quarter of section 14, township 19, range 3, west of the 5th meridian, on September 22nd, 1906 and patent to this land issued on April 26th, 1912. Also he obtained homestead entry for the south east quarter of section 14, township 19, range 3, west of the 5th meridian, on September 22nd, 1906 and patent to this land issued on April 8th, 1910. It is possible that John Wittchell and John Fowler Wittchell are one and the same person, as the area in which this land lies is in the High River district. Our records do not go further and it is therefore suggested that you communicate with Mr. C. K. LeCapelain, Chief, Lands Division, Department of Northern Affairs and National Resources, Ottawa, Ontario, quoting the lands given and I believe that it is possible that Mr. LeCapelain can give you some information concerning the age of the entrant and his family.

Dear Sir,

I am endeavouring to obtain proof of age of
Chester Roy Mitchell who was born in Kansas, U.S.A.
in December 1898, but unfortunately no records are
available from there.

Mr. Mitchell states that his father and mother
with two brothers and himself arrived in High River,
Alta. about 1904 or 1905 and his father filed on a
section of land 16 miles west of High River and the
names of all the family with their ages were recorded
on the deed.

The names of the other members of the family
are as under:-

| Brothers: | Harry Leonard Mitchell |

I shall be very much obliged if you can make a

a copy of the document on which the ages of the family
are recorded.

If you will advise the amount of your fee for
making such search I shall be glad to remit same.

Dear Sir:

N.E. 32-17-1 W. 5th Mer.

I have your letter of the 4th of May, 1955, relative to your enquiry as to the age of one Chester Roy Mitchell, son of John Fowler Mitchell, who obtained Letters Patent for the above-mentioned land. His address at that time was High River, Alberta.

Our records indicate that in the sworn statement dated the 12th of April, 1907, in support of his application for Patent for the above-mentioned land, one John F. Mitchell gave his age as 52 years. He was naturalized on the 16th of May, 1907. He also stated that his family consisted of his wife and three children. The names or ages are not shown in our records.

The Census Division, Department of Trade and Commerce, Ottawa, Ontario, would most likely have a record of his age, as the census is taken every five years, since the year 1887.

Yours very truly,

C.E. LeCapelain

Your Reference-12506.

I have your letter of the 2nd instant, and in reply beg to state that it does not appear that William John McKay ever held under entry the S.E. 30-29-27-W.4th M.

According to our records he obtained patent for the S.E. 30-29-27-W.4th M. bearing date of the 20th August, 1907.

When making application for patent on the 11th June, 1907, he stated that he was 43 years of age. In support of his application for patent he furnished a Certificate of Naturalization dated the 2nd November, 1904. This document was returned to him on the 26th July, 1907, to Crossfield P.O., Alberta.

Yours very truly,

for Director.

Dear Sir:

RE: N.W. 16-14-26-W.P.M.
S.E. 24-12-28-W.4th M.

I have your letter of the 2nd instant requesting to be furnished with a copy of your application for entry. In reply I am to state that it is not the policy of this Department to furnish copies of the nature desired by you. The facts, however, relating to your entries for the above described two parcels of land are as follows:

On October 9th, 1982, you obtained as a homestead, the N.W. 16-14-26-W.P.M. You completed the duties in accordance with the terms of your entry and patent issued in your favour in the year 1885.

It is noted that you obtained a second homestead entry for the S.E. 24-12-28-W.4th M. on the 17th November, 1903. At that time you stated that you were a single man and that you were born in England. In your application for patent executed on the 12th January, 1907, you gave your age as 44 years and also stated that you were a British subject by birth and had always been a British subject. On completion of the required duties patent for this quarter section issued in your favour bearing date of the 4th April, 1907.

Yours very truly,

In consequence they now desire to purchase this land. I suppose we may allow them to do so at the current rate per acre. Attached hereto is a sketch of the land in question.

Dear Madam:

Dear Madam:

I beg to acknowledge the receipt of your letter of the 18th ultimo and in reply am to state that it was not imperative when filing on a home-
stead that an applicant be a British subject.

Yours faithfully,
J. L. L. L.

Patent, however, could only issue to an alien on his filing a Certificate of Naturalization to the effect that he was a naturalized British subject.

Yours very truly,

Dear Sir:

Re: Edgar Herbert Wilson

The above party is applying for an Old Age Pension and in this regard he would be pleased to have a record of his application for homestead, which application we believe was filed April 1st, 1947. The property he farmed or was the S.W. 1/4, Section 14, Township 22, Range 2, West of the 4th Meridian in the Province of Alberta, which is located about 7 miles West of the village of Crossfield, Alberta.

If you have such a document which verifies his age at that time, would you be kind enough to forward us a copy of it, which we might use in applying for his Old Age Pension, as he has no Birth Certificate, or other proof of his age.

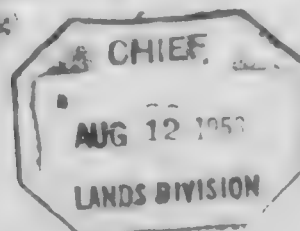

Thanking you in anticipation of receiving your courtesy in this regard.

Yours faithfully,

Mr. Fawcett, therefore, applies for a declaration, under Section 42 of the Dominion Lands Act, that Alexander Farree by executing such assignment did not forfeit his homestead entry. He also applies for issue of patent to Alexander Farree. Mr Fawcett makes very serious charges against Mr. Nolan and refers to Inspector Primrose for corroboration of statements made.

By letter dated 15th ultimo Mr. W. McKenzie Barrister, solicitor, on behalf of Albert Alfred Farree, asks whether patent can issue for Alexander Farree's homestead, and states that Albert Alfred "is anxious to know what can be done to protect his brother's quarter-section," and that the latter is willing to assign his interest in it to his brother Albert Alfred Farree.

We cannot issue the patent as the homestead conditions have not been completed, and I do not think any declaration should be made with regard to the fraudulent assignment, at all events until you know exactly what the facts are. I think it would be well to have a homestead inspector make a careful investigation and furnish a report. The assignment or a certified copy of it should also be here.

Memorandum :- 829301 & 897113 -

To the Deputy Minister,

According to the papers on one or other of the two files above mentioned, Alexander Parre, who obtained the North West quarter of Section 30-11-28 T.4th N., as a homestead on the 30th November, 1901, was convicted this year of cattle stealing and sent to penitentiary for five years; that his brother - Albert Alfred Parre - who holds the N.E. 1/4 of the same section as a homestead was implicated with him, but was apparently not proceeded against being the "chief informant" against Alexander Parre who was not speaking to him; that Alexander Parre had executed a bill of sale of all his property (including his homestead and the improvements upon it) valued at about \$10,000, in favour of the brother Albert Alfred, upon a representation made to him by Mr. Nolan Barrister, Calgary, who defended him, that the instrument was only to secure payment of his fees; that such instrument is, therefore, fraudulent, outside of the provisions of Section 42 of the Dominion Lands Act; and that Mr. John L. Fawcett, Barrister, Macleod, who is now acting for Alexander Parre proposes to take proceedings to set aside the assignment and to put Albert Alfred Parre who is now in possession of his brother's homestead, out of possession.

1. THAT I have filed an entry on the above quarter section.

3. THAT I have since made inquiries and verily believe that neither the building or other improvements on said property were made by little Hart, who now claims to reside and to have made ~~xxxxxx~~ such improvements.
